Subject: BDAC Ecosystem Restoration Work Group

The next meeting of the BDAC Ecosystem Restoration Work Group will be held on **Monday, November 17, 1997 from 1:30 p.m. to 4:30 p.m. in Room 1131 of the Resources Building, at 1416 Ninth Street, Sacramento, CA.** An agenda for the meeting is attached (Attachment 1). A summary from the October 23 Work Group meeting is also attached (Attachment 2).

The primary objective of the meeting will be to review and discuss the Summary Report of the ERPP Scientific Review Panel. The Summary Report was prepared by the CONCUR facilitation team and has been reviewed by all eight panelists. Please review the Summary Report and be prepared to discuss the key points and recommendations. In particular we would like input on evaluating the recommendations and determining their relative priority for incorporation into the ERPP. The Summary Report is attached (Attachment 3).

All comments and recommendations on the report received at the meeting will be attached to the report and sent to the Bay Delta Advisory Council for discussion at the December meeting. Written comments on the Summary Report must be received no later than November 24 to ensure that they are incorporated into the material for BDAC.

In addition, there will be an update on the Habitat Conservation Plan and discussion of future meeting agenda items.

We look forward to your participation at the next meeting.
